# Gift with a Thought in it

What other Christmas present costs so little and means so much as a subscription to The Youth's Companion—52 weeks for \$1.75? It is a gift which benefits not only the one who receives it, but every member of the same household.

With many Christmas presents the sense of novelty wears off by the week's end, but The Youth's Companion is as new and sought after the fifty-second week of the year as the first. It is elastic in its adaptability, too; for it does not matter whether the present is for a boy or a girl, young married people, sedate couples, grandparents—there never was one yet who did not set store by The Youth's Companion. You cannot make a mistake if you give The Companion—and it is only \$1.75 a year now. On January 1, 1912, the price will be advanced to \$2.00.

The one to whom you give the subscription will receive free The Companion's Calendar for 1912, lithographed in ten colors and gold, and you, too, as giver of the subscription, will receive a copy of the Calendar.

THE YOUTH'S COMPANION,  
144 Berkeley St., Boston, Mass.  
New Subscriptions Received at this Office.

Register.

# Estancia Drug Company ESTANCIA, NEW MEXICO

Before the great Drouth of 1901, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done, the people have nobly stood by Professor Hicks, their faithful public servant, who has grown old in their service. Send only one dollar to Word and Works Publishing Company, 3401 Franklin Avenue, St. Louis, Missouri, and get his agazine and Almanac both for one year. The Almanac alone, a fine book of 150 pages, is only 35c. by mail. Let everybody respond and receive the warnings of our National Seer for the coming year.

Pen and Paper.  
"Paper," whether of rags or of wood pulp, still takes its name from the papyrus. "A book" is the beech, the wooden rod on which our forefathers cut their runic letters. And a "pencil" is still by derivation "penicillus," a little tail, having been originally the name of the Roman painter's brush.

# CLOSING OUT MILLINERY

Commencing Monday, November 20 and continuing for one week, I will close out at cost my entire stock of

# HATS and MILLINERY GOODS

rather than carry them over till spring. Call early to get the choice of bargains

Mrs. Willie Fugatt  
Estancia, N. M.

# Wreck on Cut-off Back to China

A wreck on the Santa Fe, or rather the Belen Cut-off near Abo is reported as having occurred yesterday afternoon, in which several light engines collided, killing three or four of the enginesmen.

8:30 p. m.—A telephone message brings later details concerning the wreck on the Santa Fe Cut-off. Two light engines in going down the grade into Scholle collided with a double-header freight two miles east of Scholle. Fireman A. C. Doughty and Fireman Keith were killed, and Brake man Pearson, Fireman J. A. Scott, Brakeman E. O. Stone, Engine Watchman E. M. Schmidt, and Operator J. R. Horton were seriously wounded. Schmidt was badly bruised and scalded, while Horton had his hand crushed off. It is reported that the crew of the light engines overlooked orders. The wreck occurred in one of the numerous cuts, the engines being of the 700 type and extra large, the track will not be cleared until morning.

The engine was taken from the passenger train at Mountainair and run down to the wreck, while the passenger train was held at Mountainair. The wounded men were rushed to Albuquerque to the hospital.

Read the News and you get all the county news

# BOX BALL ALLEY

Ladies' night at the Bowling Alley every Friday night. Gentlemen can not enter unless accompanied by a lady friend. Come and have a good time.

Sam Jensen, Proprietor.

United States Marshal C. M. Foraker arrived in Estancia Sunday evening in his auto, coming over from Albuquerque to get Doe Sai Doe, who has been in the county jail here, awaiting the time of deportation, since the term of the Federal Court at Santa Fe last September, when he was found to not have the necessary papers to remain in Uncle Sam's land. Doe Sai Doe is a native of the Imperial Kingdom, and was arrested on the Santa Fe train at Willard last May, charged with being illegally in the United States. Both he and Lum Tow were given preliminary hearings before U. S. Commissioner Neal Jensen, and both were held to await the action of the Federal Court. Lum Tow gave bond and was released from confinement, but Doe Sai Doe failing to rustle the necessary bondsmen has been held at Castle Meyer. During his stay here he has proven himself a good cook and laundryman and has made friends with all around the jail.

With a number of his countrymen he will be taken to San Francisco and from there will sail for their home country. He does not fancy the return at all and especially at this time, when his country is anything but at peace. Doe Sai Doe has learned to speak English while in this country, being able to carry on a conversation in English quite well.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, etc.  
Take Hall's Family Pills for constipation.

# LUMBER SALE

I have 25,000 Feet of First Class
